Wine presentation and wine storage with system

The X-idea of our partner is based on an entire concept and is covered by patents. The sophisticated Xi Wine Systems are the link between [professional winegrowing and optimal wine enjoyment](#).

Xi-systems are synonyms for intelligent solutions around the wine presentation, the wine storage and the wine climatisation. For the private wine cellar, the gastronomy, wine houses or wine stores. Wine experts go for Xi Wine Systems because Xi presents [wine at its most attractive](#).

The optimal tilt angle makes the difference

No waiting time for the setting of the sediments

More Xi-advantages:

- clearly arranged
- space-saving
- view on the elements
- modular

◦ depot on the bottle ground = enjoyment without waiting for the setting of the sediments

Applicable for 99 % of all bottle shapes and bottle sizes

All bottle shapes are stored in an optimal way

Wine racks and wine climate cabinets are generally designed for Bordeaux bottles. This is not the case at Xi Wine Systems. No rolling, no tilting - whatever their bottle shapes.

- Bordeaux bottles and Burgundy bottles
- Riesling bottles
- Champagne- or Prosecco-bottles
- half bottles (0,375 litres)
- Magnum bottles (1,5 litres)
- Double Magnum bottles (3 litres)
